

Michigan Epidemiology Conference 2003

March 13 & 14, 2003
University of Michigan, Ann Arbor

Day 1: Regional Epidemic Intelligence Service (EIS) Scientific Conference

Day 2: Second Annual Statewide Epidemiology Conference

Invitation extended to all individuals interested in Epidemiology throughout Michigan. The audience includes those working in state and local governmental health agencies, universities, hospitals, health insurance organizations, research institutes, consulting firms, pharmaceutical companies, and private industries.

Conference will include: presentations, invited talks, posters, MPHA Epi Section business meeting, information booths, job postings, and opportunities for career networking with colleagues in epidemiology and public health. This is a free conference, although registration is required.

Guest Speaker (Day 2):

F.E. (Ed) Thompson, Jr., M.D., M.P.H
Deputy Director for Public Health Programs and Services
Centers for Disease Control and Prevention

Before coming to the CDC, Dr. Thompson served as the State Health Officer of Mississippi for nine and a half years and the Mississippi State Epidemiologist for an additional ten years. He is a past president of the Council of State and Territorial Epidemiologists and the Association of State and Territorial Health Officials. Dr. Thompson also served a four-year term on the CDC Advisory Committee on Immunization Practices, and was a member of the Advisory Committee to the Director of the CDC, and the Department of Health and Human Services Secretary's Council on Public Health Preparedness.
